

RODENT CONTROL PRODUCT GUIDE

THE WORLD LEADER IN
RODENT CONTROL TECHNOLOGY®

SUPERIOR PRODUCTS FROM THE WORLD LEADER IN RODENT CONTROL

As the world leader in rodent control technology, Bell Laboratories continues to provide leadership and stewardship for the rodent control segment of the pest control industry. Our focus is on quality, functionality and innovation.

Whether it is the development and production of innovative rodent control products, being at the forefront of regulatory issues, or developing new revenue opportunities for PMPs (such as providing rodent service for certified organic facilities using Terad₃Ag or residential baiting with the T1 Mouse), Bell is committed to supporting the pest control industry.

PROTECTA TAMPER-RESISTANT BAIT STATIONS

From the toughest to most discreet baiting requirements, Bell offers PMPs a choice of versatile tamper-resistant bait stations and anchoring systems to fit any situation.

UNIQUE RODENTICIDE BAIT FORMULATIONS

Bell Laboratories' complete line of rodenticides represents the widest range of rodent baits available anywhere. Bell's rodenticides contain only the high quality inert ingredients for maximum results. Bell's overall palatability and efficacy are proven in both laboratory and field settings.

TRAPPER GLUE AND MECHANICAL TRAPS

Bell has applied its vast knowledge of rodent behavior and engineering savvy into the development of an array of mechanical and adhesive trapping alternatives. Bell's glue formulations are the result of substantial research and testing to determine the ideal combination of immediate grip and stretchable hold, the two factors needed for the highest possible capture rate.

TALPIRID MOLE BAIT AND MOLE TRAP

TALPIRID Mole Bait is a one-of-a-kind product that was developed after years of groundbreaking research. It is the first mole bait of its type designed, developed and scientifically proven to kill moles.

TALPIRID Mole Trap incorporates the latest in mole trap technology. Built to withstand any soil type, it is the ideal complement to a complete TALPIRID program.

MANUFACTURING FACILITY

Bell is a vertically integrated manufacturing company. All of Bell's products are designed, tested and manufactured in its modern facility in Madison, Wis., which houses its manufacturing operation, offices, and biological and chemical testing laboratories.

ENVIRONMENTAL STEWARDSHIP

Bell continues to work with conservation groups and government agencies around the world to rid ecosystems of invasive species and restore the balance of nature.

PRODUCT	PURPOSE	FEATURES
 PROTECTA® EVO® CIRCUIT®	Ideal for sensitive accounts, the Circuit includes side connectors that, when attached, make the station appear as an electrical box.	<ul style="list-style-type: none"> • Side connectors make station simulate an electrical box • Single lock and removable tray for fast and easy servicing • Can be used horizontally or vertically
 PROTECTA® EVO® AMBUSH®	Low-profile station that accommodates the T-Rex rat snap trap for times when trapping is a necessary part of the IPM program.	<ul style="list-style-type: none"> • Single lock and removable tray for fast and easy servicing • Compatible with the Sidekick Load-N-Lock system
 PROTECTA® EVO® EXPRESS®	Tamper-resistant rat station comes pre-installed with concrete weight and includes a single lock mechanism and removable tray for simple & speedy servicing.	<ul style="list-style-type: none"> • Securely and professionally anchors bait station with internal weight • Versatile; can hold 2 T-Rex rat traps, 2 Mini-Rex mouse traps or 8 - 1oz BLOX • Side-open with single lock
 PROTECTA® LP	Tamper-resistant rat station designed for inside and outside buildings.	<ul style="list-style-type: none"> • Fits along walls & corners • Horizontal & vertical securing rods • Available in two colors
 PROTECTA® SIDEKICK™	Economical way to upgrade from using non-tamper-resistant bait stations to the security and high quality of a tamper-resistant bait station.	<ul style="list-style-type: none"> • Tamper-resistant, opens sideways with metal 2-prong key • Holds 8 – 1 oz. BLOX and a TRAPPER T-Rex rat trap • Integrated service card slot
 PROTECTA® LOAD-N-LOCK™	Securely anchors bait stations and provides professional appearance compared to patio blocks.	<ul style="list-style-type: none"> • Made of heavy duty molded plastic • Quick servicing features • Available for LP and Sidekick
 PROTECTA® BAIT STATION	Use outdoors & inside commercial & industrial buildings.	<ul style="list-style-type: none"> • Tamper-resistant • Made of heavy-duty molded plastic • Horizontal and vertical bait securing rods
 PROTECTA® EVO® LANDSCAPE™	Tamper-resistant rat station designed to blend in with outdoor landscape.	<ul style="list-style-type: none"> • Tamper-resistant, opens sideways with EVO key • Full-size insert tray available • Holds 8 – 1 oz. BLOX and a TRAPPER T-Rex rat trap
 PROTECTA® SIDEWINDER®	Side-opening, tamper-resistant bait station is time efficient and versatile.	<ul style="list-style-type: none"> • Full size insert tray available • Integrated service card slot • Rounded interior walls for easy cleaning

BELL STATIONS, TRAPS & ACCESSORIES

PURPOSE	FEATURES
"3 in 1" side-opening device works as a bait station, monitor and trap.	<ul style="list-style-type: none"> Tamper-resistant, opens side-ways with metal, 2-prong key Holds BLOX and TRAPPER Mini-Rex
Tamper-resistant key-less mouse station. Available in black for easier monitoring.	<ul style="list-style-type: none"> No key required Three separate entry points/feeding stations Holds two BLOX securely
Tamper-resistant mouse station with patented design features.	<ul style="list-style-type: none"> Designed to hold Bell's extruded BLOX baits Reusable Fits in corners or against walls
Powerful rat snap trap sets by hand or foot. Includes patented interlocking teeth.	<ul style="list-style-type: none"> Use alone or in PROTECTA Bait Stations Removable bait cup makes servicing easy
Powerful mouse snap trap. Includes patented interlocking teeth.	<ul style="list-style-type: none"> Use alone or in PROTECTA bait stations Removable bait cup Excellent trigger sensitivity
Sleek, non-winding multiple catch mouse trap.	<ul style="list-style-type: none"> Monitors/traps mice & insects Horizontal sliding lid Durable plastic won't rust Fits under pallets and in tight spaces
Multiple-catch mouse trap. Tinted lid allows for easy monitoring.	<ul style="list-style-type: none"> Accommodates TRAPPER MC glue trap for easy cleaning Smaller size fits in tight baiting places
Economical way to place bait where tamper resistance is not required.	<ul style="list-style-type: none"> Holds liquid, dry bait or tracking powder Two sizes available for rats and mice
Economical way to place bait where tamper resistance is not required.	<ul style="list-style-type: none"> Holds liquid or dry bait Made of black polystyrene; lightweight
Superior designed scissor mole trap.	<ul style="list-style-type: none"> Easy to set and service Setting is "hands-free" Can be used again and again

PRODUCT	PURPOSE	FEATURES
 PROVOKE®	Attractants specifically formulated for rats and mice.	<ul style="list-style-type: none"> Works with any trap Non-toxic and hypoallergenic Won't stain clothing or fabrics
 TRAPPER® GLUE BOARDS	Captures rats and mice, available in two sizes, non-poisonous.	<ul style="list-style-type: none"> Low profile tray contains soft yet tenacious glue Protective Tunnel available
 TRAPPER® PEST MONITOR	2-piece pest monitor designed for mice and insects.	<ul style="list-style-type: none"> Holds a TRAPPER MC glue trap for easy monitoring of mice or insects Discrete
 TRAPPER® MAX	Scented glue trap that captures mice, roaches and other insects.	<ul style="list-style-type: none"> Non-toxic, disposable glue trap Powerful adhesive coated on cardboard
 TRAPPER® MAX FREE	Non-scented, hypoallergenic glue trap for sensitive accounts.	<ul style="list-style-type: none"> Non-toxic, disposable glue trap Powerful adhesive coated on cardboard
 TRAPPER® LTD	Captures mice, roaches and other insects.	<ul style="list-style-type: none"> Non-toxic, disposable glue trap Can be used flat or folded for protection
 TRAPPER® MONITOR & INSECT TRAP	Captures and monitors roaches and other insects.	<ul style="list-style-type: none"> Can be used as a single trap or broken into three traps Non-toxic Available with roach attractant tablets

CONTRAC®

Proven Rodent Acceptance

- ▶ Contains the single-feeding anticoagulant Bromadiolone
- ▶ Formulated with an optimal blend of ingredients and low wax content for high palatability and weatherability
- ▶ Ideal choice for all-around control

T1 MOUSE™ & T1 RAT™

Bromethalin BLOX in a Tamper-Resistant Disposable Station

- ▶ Rats and mice consume a lethal dose in a single night's feeding but it may take two or more days from the time of bait consumption for these rodents to die
- ▶ Dog & child tamper-resistant
- ▶ Station meets the highest level of tamper resistance, based on EPA test protocols
- ▶ Disposable station can be left at a residential account and then discarded once bait has been consumed
- ▶ Can be used indoors or out

PACKAGING:
Pre-loaded station –
T1 Mouse: EPA REG. NO. 12455-121
T1 Rat: EPA REG. NO. 12455-122
