

TERM-seal™

URA-FEN SHIELD TWB

Termite & Waterproofing Barrier

The ultimate termite waterproofing and barrier for all building situations

TERM-seal™ Ura-Fen Shield TWB is a triple layer sheet barrier used to form a continuous waterproof and termite resistant barrier around the cavity perimeter and construction joints of new slab-on-ground structures. Use as a Termite/Damp-Coarse barrier combination for installation across cavities, or as a termite/vapour barrier combination for full under-slab installation.

- A physical/chemical barrier that kills and repels termites
- Lasts the lifetime of the building
- Unique 2 in 1 termite/damp course barrier
- Full under-slab termite/water vapour barrier to AS2870/AS3660.1
- Complies to Australian Standard 3660.1
- No delaminating or nasty residue reactions
- CodeMark Certified
- APVMA Registered
- 100% Australian owned
- Custom sizes can be accommodated or supplied on request

NO COSTLY RETREATMENTS

TERM-seal™ Ura-Fen Shield TWB when installed as part of a cavity perimeter system, or as full under-slab termite and vapour barrier requires no costly re-treatments.

PRODUCT OVERVIEW

Available in standard sizes of 300mm, 900mm and 1800mm
