

Please join us for Breakfast with Syngenta

Throughout 2019, Agserv will be hosting a series of supplier breakfasts. The aim of this initiative is to provide a casual forum where pest managers can engage with manufacturers to learn more about the products and services they have to offer. The meetings provide a great opportunity to ask questions & share knowledge to help **gain that edge you may be looking for** when providing safe, effective and efficient pest management services to your valuable customers.

The format is short and sweet, allowing you to get on with your daily business having gained some **extra knowledge** and the added bonus of **a great breakfast** to start the day. All breakfasts commence at 7.30am. and conclude at 9.00am.
