

TECHNICAL DATA SHEET

Ki-ose³⁹⁵

Code 9171

High Efficacy Hospital Grade Disinfectant Wipe for Surfaces

DESCRIPTION

Ki-ose³⁹⁵ is a high performance, disinfectant cleaner wipe for all hard surfaces. It provides broad spectrum disinfection in industrial, institutional, healthcare and household settings. For aircraft, it is effective for use in galleys, on trolleys, passenger seats and tablets, luggage compartments, all surfaces in lavatories and in the cabin.

Ki-ose³⁹⁵ will not harm or damage fabrics, plastic, metals, rubber or other surfaces. It has been tested against the relevant aviation material standards. It is compliant with the requirements of the Airbus Consumable Materials list and conforms to European Norms EN Standards.

FEATURES & BENEFITS

- Kills 99.99% of most of harmful bacteria, (see efficacy tests below)
- Germicidal solution for disinfection of small surfaces and equipment
- 160 x 200 mm non-woven spun less wipes
- Ready to use travel pack of 30 wipes

DIRECTIONS FOR SURFACES:

- For hard surfaces rub the wipe and let it act for a few seconds.
- A potable water rinse is required when disinfecting food contact surfaces.
- Close the pack tightly after use to prevent the wipes from drying out.
- Discard used wipes and the empty sachet into a waste container. Do not flush in a toilet.
